

WENSDEE'Z HOLL'R July 20, 2011 Pickin, Grinnin & Eatin

Thanks for the hospitality!

There's nothing better at GNR than visiting with our WIT family from row to row on Tuesday night. From the famous LA jambalaya way out in Lower D to the Buffalo Burgers from South Dakota served at B1...we had a blast! We know you all work hard to prepare and serve at your rows - THANK YOU for the fantastic fare and even better memories!

Meet the Product Planners!

Seminar B at 9 a.m. is the place to be if you are curious about two brand new floorplans in the Winnebago lineup. The experts who know these floorplans from the inside out will present the Vista 30T and the Sightseer 30A. Stop by to see why that 30A is an early favorite for the 2012 model year!

Chainsaw artist Scott Davis

Check out area chainsaw artist, Scott Davis, who will spend today and tomorrow down by the Special Events Tent at the Red Barn. His work will be on display and he'll also have art for sale.

Hot enough for you?

We thought so... and we thought you'd agree that it's just not bon fire weather either. Due to our high temps we've cancelled tonight's scheduled bon fire. Aww, shucks...we were gunna roast up some road kill for a late night snack.

Tonight in the Amphitheater

The Diamonds have been entertaining generations of fans with their harmonies and fun personality on stage. Put on your dancing shoes on - Bobby, Gary, Jerry & Joe are going to croon and make all the girls swoon!

Don't miss announcements at 7:30 p.m. for contest and games winners!
